

## ©2004 Life Coaching Course Decision Making Matrix

### How to use this matrix

In the left column write all the criteria you wish to select a course on, some ideas are already in the matrix. Along the top of the list put the names of the coach training providers. Measure each criteria against each provider on a scale of 0-10. Using 0 equalling not provided and a sliding scale of provision up to 10 indicating fully meeting your criteria and your personal requirements.

The section below is left empty for your personal criteria. Remember TAKE YOUR TIME to decide on what is right for you and your future. A mistake now could be costly later. Do your research.					

Because of Curly's expertise and huge success in the coaching field, currently, there are unscrupulous organisations who are claiming association with her or even more outrageous, that she has been trained by them. They are using 'Reflected Glory Marketing' which lacks the fundamental integrity we believe is at the true core of coaching. Therefore BUYER BEWARE! Select your training company carefully and check their integrity. If they are unprincipled enough to use reflected glory marketing you need to consider the implications of the service they might provide. Consider this: LEADS MINUS GUARANTEE = MARKETING PLOY ONLY - AVOID MASTER/MENTORS should have at least 3 years Experience since qualifying to be of any value to you (Ask the questions before parting with your money).
